

<b>Award code</b> (for office use)	
------------------------------------	--

<b>Borne - a charity devoted to preventing preterm birth Application for Financial Support</b>
--

<b>Title of project (no more than 12 words)</b>

<b>Total amount requested</b>	
-------------------------------	--

<b>Dates and duration</b>	
Proposed starting date (dd/mm/yyyy)	
Proposed duration (months)	

<b>Contact details of Principal Applicant</b>		
<b>Principal Applicant (point of contact for all communications)</b>		
<b>Title</b>	<b>First name</b>	<b>Surname</b>
<b>Job Title</b>		
<b>Department</b>		
<b>Organisation</b>		
<b>Contact telephone no.</b>		
<b>Email</b>		

**Other applicants** (*copy and paste the table below for the required number of additional applicants*)

<b>Title</b>	<b>First name</b>	<b>Surname</b>
<b>Job Title</b>		
<b>Department</b>		
<b>Address</b>		
<b>Role in the project</b>		

<b>Indicate how this research project fits within the remit of Borne (maximum 100 words)</b>

<b>How will the proposed research enable you to secure further funding for your idea? (maximum 200 words)</b>
<ul style="list-style-type: none"> <li>Identify potential future sources of funding – please be as specific as possible about your plans for future submissions, as this is an important factor in the decision making</li> </ul>

- *Identify the evidence required to enable you to access the potential sources of funding identified above*
- *Describe how this project will develop the evidence base required*

**Describe briefly why this proposal is novel and distinct from the approaches currently adopted in your field of research (maximum 200 words)**

**Non- confidential Abstract of the proposed research (maximum 200 words)**

*Give a brief summary of the proposal. **Please use plain English when writing your abstract and avoid the use of technical description, jargon and acronyms.***

**Research proposal (Must not exceed FIVE A4 pages)**

*Please provide:*

- *Purpose of the proposed investigation with **clearly specified** objectives and a clear hypothesis*
- *Background information on the project including **relevance to pre-term birth***
- *Detailed plan of investigation with a clearly set out **project plan** including **target outcomes** for the research*
- *Where appropriate set out the statistics used to calculate an appropriate power for the study and a rationale for believing that the level of recruitment required to deliver the study can be achieved in the timeframe allowed.*
- *Where collaborators are identified in the project, describe their role in the project and any resources they are intending to contribute*

*If you refer to any publication, published article or other source of information in the description, please list the references*

**Research proposal reference list**

- *List no more than 20 references*

**Describe briefly if/how the proposal has the potential to generate Intellectual Property and/or be Commercialised (100 words)**

--

**What do you see as the key barriers to translation into clinical practice of the outputs of your project (maximum 200 words)?**

--

**Details of Funding Required**

**Staff Costs**

Employer	Grade & Spine Point	% Time	Year 1 £	Year 2 £	Year 3 £
<b>Staff Member</b>					
Name of post and staff member if known					
<b>Sub Total – Staff Costs</b>					

**Consumables Costs**

	Year 1 £	Year 2 £	Year 3 £
<i>List here any additional expenses/costs associated with the project. This could include research chemicals, stationery, travel costs etc. Insert additional rows if needed.</i>
